BEFORE THE ARIZONA MEDICAL BOARD

In the Matter of

DAVID LANDAU, M.D.

Case No. MD-17-0777A

Holder of License No. 40941

For the Practice of Allopathic Medicine

In the State of Arizona.

ORDER FOR LETTER
OF REPRIMAND; AND
CONSENT TO THE SAME

David Landau, M.D. ("Respondent") elects to permanently waive any right to a hearing and appeal with respect to this Order for a Letter of Reprimand; admits the jurisdiction of the Arizona Medical Board ("Board"); and consents to the entry of this Order by the Board.

FINDINGS OF FACT

1. The Board is the duly constituted authority for the regulation and control of the practice of allopathic medicine in the State of Arizona.

2. Respondent is the holder of license number 40941 for the practice of allopathic medicine in the State of Arizona.

3. The Board initiated case number MD-17-0777A after receiving notification from the Vermont Department of Health, Board of Medical Practice ("Vermont Board") that Respondent had prescribed controlled substances to a patient ("LA") in Vermont without a license to practice medicine issued by the Vermont Board. The complaint also stated that Respondent provided a statement to the Vermont Board's investigator wherein he admitted to prescribing controlled substances to LA while in Vermont.

4. During the course of the Board's investigation, Respondent denied having communicated with the Vermont Board. Board staff subsequently obtained an email sent by Respondent to a member of the Vermont Board staff. Respondent ultimately acknowledged communication with the Vermont Board.
5. Between 2011 and 2016, Respondent wrote a total of nine prescriptions for controlled substances for LA. During the course of the Board's investigation, Respondent stated that LA was a personal friend. Respondent produced one progress note documenting his care of LA and an order for lab work issued in Vermont. Respondent's records also included two retrospective drug utilization reviews conducted by insurers for LA, indicating that LA was also receiving opioid medications from four other providers.

6. An Arizona Controlled Substance Prescription Monitoring Program report indicated that Respondent also prescribed controlled substances to LA in Arizona in 2011. Respondent did not provide any records regarding the prescriptions issued to LA in Arizona.

CONCLUSIONS OF LAW

a. The Board possesses jurisdiction over the subject matter hereof and over Respondent.

b. The conduct and circumstances described above constitute unprofessional conduct pursuant to A.R.S. § 32-1401(27)(e) ("Failing or refusing to maintain adequate records on a patient.").

c. The conduct and circumstances described above constitute unprofessional conduct pursuant to A.R.S. § 32-1401(27)(j)(j) ("Knowingly making a false or misleading statement to the board or on a form required by the board or in a written correspondence, including attachments, with the board.").

d. The conduct and circumstances described above constitute unprofessional conduct pursuant to A.R.S. § 32-1401(27)(ss) ("Prescribing, dispensing or furnishing a prescription medication or a prescription-only device as defined in section 32-1901 to a person unless the licensee first conducts a physical examination of that person or has previously established a doctor-patient relationship. The physical or mental health status

examination may be conducted during a real-time telemedicine encounter with audio and
video capability, unless the examination is for the purpose of obtaining a written
certification from the physician for the purposes of title 36, chapter 28.1.”).
